This is a website redesign Brava-casa as portal site that discuss interior dan architectur. with a more minimalist interface user can easily read the contents and this design more focused on image but not forget the content. We are very concerned about the distance, size, spacing to be more comfortable in reading.

Visual
Identity

Stabilitas is a risk management magazine. i was given a chance at an internsip office to make alternative designs. In brief, stabilitas wants to renewing identity and ,change their positioning with a more friendly, modern, cassual. so that the target more wider, not just manager or executive (past)

STABILITAS

and this also alternative that i made in office intern. Anoa want to create a new logo, Anoa engaged in the construction dan heavy equipment. I Create a logo anoa heads with position more to the top for represent optimism, confident and visionary.

well, this one also an alternativ,
but it was selected clients. Retech
is a retail and service business
gadget. The theme of high tehnolo-
gy and performance. i created the
logo using typography that corre-
spond to the theme.
