## MY NAME IS NURIMANSYAH RIFWAN WELCOME TO MY PORTFOLIO

I'm a web designer / developer based in Palembang, Indonesia. I have a passion for web design and love to create for web and mobile devices.

I like to keep it simple. My goals are to focus on programming, content and conveying the message that you want to send.

The work I provide is of highest quality, fully responsive, and tested in a wide range of devices. I take great care to ensure each project is well-documented and easily maintainable so you can enhance a website as your company grows.

Often front-end development of a website is overlooked, but being the part of your project that combines design, back-end development and the layer that your users interact with, from my experience, it is the most important to get right.

**"IF YOU HAVE A PROJECT THAT YOU WANT TO GET STARTED, THINK YOU NEED MY HELP WITH SOMETHING OR JUST FANCY SAYING HEY,, THE GET IN TOUCH."**
