Hello,

With this letters of application, I would like to apply as a copywriter. My name is Cahyo Nugroho, but people usually called me Cahyo. And I am 22 years old.

The reason why I choose to apply as a copywriter is, because I have the passionate in writing. And I really do think that being a copywriter could help me to share my creativity to others.

I am the kind of person who enjoys working in groups. I am also the kind of person who can easily get along with people in any situations, eager to learn new things, hard worker, and I am also used to work in an under pressure kind of conditions.

I have attached my CV. It would be a great honour if you have a time to look, read and finally to understand who I am more from the CV I've made.

It would be really wonderful if I could given a chance to do an interview, so you can know me better.
