Attn : Human Resources Department

Dear Sir/Madam,

With my educational background particularly in Database, I am very interested in applying for a position as an IT in your company. With my willingness to work and study hard, to love my job, ability to work in a team and my pleasant personality, I can assure you that in a short time I can function like your experience employee.

I have enclosed my resume to provide you wide details of my background and skills for your consideration. I would be very pleased to have an opportunity to discuss my qualifications with you in greater detail in a further interview.

Sincerely,

Antonius
