# Karmelia Lidwina Yosmar

I was born at Jakarta, on March 22nd, 1993

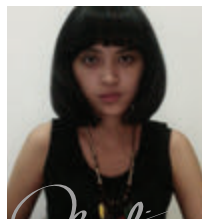

With my experiences in college and work, as a creative thinker I work efficiently whilst exploring options within the task at hand.

Great communication, individual and teamwork are skills you can check off on the list.

Capable to create traditional and new creative graphic solutions for any communicational issue.

I consider myself very fortunate to find something that I'm passionate towards at a young age and optimistic towards the coming years.

I am ready to hit the ground running on the other side of the ditch.
