HOBBIES AND INTERESTS

I have no working experience yet, but I've learned to handle communication problems of many different brands from my previous lecture such as Baygon, Nu Milk Tea, CIMB Niaga, Anlene, AXE, etc. and also PSA like 'Don't give money to beggar', 'Don't use the busway track', 'Choose local fruit', STBM High Five, KB, Dual Charge. I've also learned new media and create digital food guider "@bm_attack" with 3 of my friends. For my last assignment I've made an app for Prambors "My Prambors Playlist" and ways to promote it.
